

EXHIBIT F

"A Dyson doesn't lose suction
no matter how far you vacuum"

James Dyson

JAMES DYSON

There's a fundamental problem with vacuum cleaners. They
suck living matter into just a few rooms. Our unique patented
system is different. It separates dirt from the air at remarkably
high speeds, so a Dyson never loses suction no matter how
much you vacuum. Visit dyson.com or call 1-866-693-9766
